I understand that Richard Kinney/Nancy Moelk (circle one) is a lay-Christian prayer minister and not a licensed counselor. I understand that the details of my life will be talked about and ministered to in a frank and specific way. Some of the areas that may be addressed are: infancy and early childhood, relationships with immediate family, other meaningful relationships, any abuses, sex and sexuality, marriage and children (where applicable.) I understand that this ministry is distinctively Christian and that it acknowledges that God plays a central role in healing. Any suggestions regarding health or bodily wellness should be confirmed by a licensed medical professional before being acted upon. I agree not to tape record these conversations.

I agree to hold Nancy Moelk, Co-Director of Firehouse Ministries, legally blameless and understand and accept my responsibility to pray and weigh any suggestion or direction given to me.
